CALVARY CHRISTIAN ACADEMY TIERRA BOMBA

FAITH-BASED EDUCATION

Calvary Christian Academy (CCA) is a homeschooling program on the island of Tierra Bomba, Colombia, serving children in a low-income community with limited educational opportunities. As we approach our fourth year, we celebrate the impact of this ministry. More than just academics, our mission is to provide an education that nurtures faith, wisdom, and knowledge based on biblical principles. Thanks to our generous sponsors, students not only receive quality instruction but also experience the hope and values found in the teachings of Jesus.

MEET OUR TEACHERS

At CCA, our teachers come from diverse backgrounds, but they share a passion for guiding and educating children. More than instructors, they serve as mentors and role models, helping students grow in both knowledge and character. We are grateful for their dedication and invite you to support them through encouragement and prayer.

MEET OUR STUDENTS

CCA began in March 2021, shortly after the pandemic, with just a handful of students. Today, we rejoice as enrollment has more than doubled, giving even more children access to an education rooted in biblical values. These students now have the opportunity to learn, develop skills, and find hope for their future.

None of this would be possible without the generosity of our sponsors. Your support allows these children to receive not only an education but also the encouragement and guidance they need to grow in wisdom and character. We invite you to be part of this mission—whether through prayer, sponsorship, or spreading the word about CCA.
